Intrinsic Imaging Appoints Leading Vascular and Interventional Radiologist Dr. Amit Mehta as Vice President and Chief Medical Officer

Dr. Amit Mehta joins Intrinsic Imaging as vice president and chief medical officer, bringing vascular and interventional radiology expertise.

San Antonio, TX

San Antonio, TX — December 16, 2010 — Intrinsic Imaging LLC, a medical imaging core lab providing complete image management and radiological review services to global pharmaceutical, biotechnology and medical device organizations, announces today that Amit Mehta, M.D., a leading vascular and interventional radiologist, was appointed to Vice President and Chief Medical Officer.

Dr. Mehta completed his Radiology residency and Vascular and Interventional Radiology fellowship training at Harvard Medical School at the world renowned Massachusetts General Hospital. He is double boarded and specialty certified in diagnostic radiology in Canada and the USA. Dr. Mehta also possesses a Certificate of Additional Qualification (CAQ) in Vascular and Interventional Radiology.

Dr. Mehta is widely published in radiology and served as a peer reviewer for several Radiology journals. He has authored three textbooks in Radiology, both in the clinical sphere and research arenas. He has participated in various facets of the educational process with a focus on medical and computer applications in research and radiology. He has participated in all facets of the clinical trial process.

“As a board certified radiologist, Dr. Mehta has significant depth of experience in many therapeutic areas including oncology, gastrointestinal and genitourinary and medical device, said Todd Joron, President & COO, Intrinsic Imaging. “Dr. Mehta’s scientific expertise continues to bring significant value to our team as Chief Medical Officer.”

“At Intrinsic Imaging, our Medical Directors and I lead a team of more than sixty sub-specialized, board-certified radiologists with expertise across all therapeutic areas including oncology, neurology, cardiology, rheumatology and endocrinology.” said Dr. Mehta. “ I believe we have one of the largest and most experienced radiology teams in the Medical imaging CRO industry and this, together with our advanced clinical trial expertise, allows us to provide unparalleled medical imaging services specifically for clinical trials. “

Dr. Mehta is the past recipient of the George Brown, Radiological Society of North America and Joseph E Whitley awards for his research activities in both clinical medicine and basic science.

About Intrinsic Imaging, LLC
