Intrinsic Imaging Expands Its Medical Imaging Consulting Group for Clinical Trials

Consulting group expanded to more than 65 board-certified fellowship-trained radiologists.

Boston, MA / San Antonio, TX

Boston, MA / San Antonio, TX — September 2, 2014 — Intrinsic Imaging is an FDA audited, ISO 9001:2008 and ISO 13485:2003 certified, GAMP® 5 compliant imaging core lab, which provides Sponsors with quality imaging core lab services and comprehensive medical imaging consulting for their clinical trials.

Intrinsic Imaging's Medical Imaging Consultancy offers Sponsors direct access to its subspecialty radiologists who are able to provide a wealth of therapeutic and operational expertise and guidance to best optimize the use of imaging in Phase I, II and III clinical trials in support of New Drug Applications, and in Class I, II and III Medical Device clinical trials in support of 510(k) clearances and Premarket Approvals (PMA).

In response to increased business demand, Intrinsic Imaging announces today that it has expanded its Medical Imaging Consultancy Group to more than 65 experienced full-time board-certified fellowship-trained radiologists. Together, Intrinsic Imaging radiologists have subspecialization in all therapeutic areas including, but not limited to, Cardiovascular, Central Nervous System, Gastrointestinal, Genitourinary, Musculoskeletal, Oncology and Pulmonary.

About Intrinsic Imaging, LLC

Intrinsic Imaging is a full-service medical imaging core lab providing comprehensive services in support of Phase I-IV clinical trials and Class I, II, III medical device trials. Intrinsic Imaging is also a world leader in conducting Artificial Intelligence studies. With its team of more than 750 board-certified and fellowship-trained physicians, Intrinsic Imaging’s team has sub-specialization in all therapeutic areas, including Cardiovascular, Central Nervous System, Gastroenterology, Musculoskeletal, Oncology and Ophthalmology. Certified by the British Standards Institution (BSI), Intrinsic Imaging is the only company in the world to hold five ISO certifications specifically for providing imaging core lab services on clinical trials.
